A message from the president

Caring with the Stars is the theme of this *Medcen Happenings*. The stars in this edition are our employees, our volunteers and our physicians. For centuries writers have referenced celestial stars as metaphors for energy, guidance, dependability, inspiration, wonder, awe and humanity itself. Earthly stars, as in the media, are those who stand out among the pack, those who glitter, and those who excel at their crafts. Sometimes stars stand individually as the North Star or a movie star, and sometimes we see them in constellations or in a play's cast.

There are countless stars at the Medical Center. Sometimes they work in close-knit formations as reflected in the story of the Joseph N. Neel family and the Hospice team which provided compassionate care to Marie Neel and her family. Another is the story of 12 year old Nakeia Brooks and the clinical team which brought her through not one, but two, types of childhood leukemia.

At other times stars stand alone. Such is the story of one particularly critical night in the hospital journey of patient, Jeff Thompson, when a single nurse spoke angelic words of inspiration, which he attributes as "getting him through."

It was on a different night, under a clear, crisp autumn sky, when Dr. Fred and his wife, Lisa Gaton, hosted a beautiful reception at their home for members of the Olin H. Weaver Society. The Society affirms again the strong orbit in which our physicians and the Hospital work together. Our physicians are not only clinical stars, but through their generous contributions, they are philanthropic stars, supporting capital needs, as well as, over \$750,000 since 2003, for medical research.

Our Auxilians also earn gold stars every day for their volunteer work throughout the hospital and the money they raise annually to support capital projects. The story told here is of The Visitors' Lounge in the Luce Heart Institute which the Auxiliary made possible, and the irony of how they realized the extent to which it is utilized when Medcen attempted to schedule an appreciation luncheon there.

One need not be in the Medical Center long to realize every one of our employees is a star on the Medical Center's stage. But what many of our readers may not know is, in addition to their skills, our employees stand out because they give back through their financial contributions to H.E.A.T., the employee giving society. The story of these stars who brought the house down this past fall by raising more than ever before, over \$1.6 million, is highlighted in this edition.

As you read this publication you too will be awed by the majesty of our panoply of stars. The next time you find yourself gazing in wonder at the diamonds in the night sky or applauding a stage performance, we hope you will be reminded of the countless stars found at The Medical Center.

The support from you, our donors, is the gravitational glue which helps hold our stars together in our hospital's universe. We thank you as ever for your steadfast support; you light up our sky and brighten our stage. It is our pleasure to bring these stories to you; we hope you enjoy reading them as much as we enjoy recounting them.

- Ethel Cullinan

Employees Give Back Because They Care The H.E.A.T. Campaign

BY: ELLEN TERRELL

Healthcare Employees Achieving Tomorrow, better known as H.E.A.T., was established by and for employees of the Medical Center of Central Georgia and Central Georgia Health System as an exclusive giving opportunity to support the Hospital and the children and adults of our community. Begun in 1992, H.E.A.T. has become an integral and important part of the personality of MCCG. Its success is due entirely to the generosity of our employees who believe in our mission.

H.E.A.T. kicks off a new campaign every three years and on September 8, 2010, the seventh campaign began

with a series of 26 round-the-clock sessions held in the Eversole Auditorium. The H.E.A.T. Committee, comprised of approximately fifty employees representing many departments within CGHS, always weaves a unique theme around each campaign. The current campaign is entitled *HEAT Wave* and employees were invited to be part of a music video shown during the round-the-clock sessions. Over 35 departments participated, with an estimated 300 employees dancing to the *HEAT Wave* song. From the EMS department who filmed their portion of the dance atop the helipad, to the Georgia Heart Center employees who filmed their portion on the escalators

of the Luce Heart Institute, it was a blast and everyone thoroughly enjoyed watching their peers “shake a leg” for such a good cause.

We are very excited to announce 2,360 employees joined H.E.A.T., pledging a total of \$1,604,357.56 !!! Their examples of generosity provide inspiration to the community and illustrate how, together, we can achieve tomorrow.

H.E.A.T. has pledged \$600,000 of this campaign to be divided equally between the Critical Care Center renovation and the Comprehensive Cancer Center. The remainder of the funds are placed in the H.E.A.T. Trust Fund, which awards grants each summer to numerous community charities as well as MCCG departments working hard to improve the health of our community.

Through H.E.A.T., employees have contributed over \$5 million to ensure our Hospital remains state-of-the-art in all its services to our community. Past employee campaigns have supported the West Tower, the Vertical Expansion, the Pediatric Intensive Care Unit, All Faiths Chapel, the Peyton Anderson Health Education Center, the Emergency Center Pediatric Area, The Children’s Hospital, the Georgia Heart Center, and Pine Pointe Hospice Home.

On behalf of the men, women and children of our community whose lives have been touched by the generosity of our H.E.A.T. members, the Medcen Board of Trustees, along with Administration and the Medcen Staff, thank you for sharing your resources as well as your skills.

Employees of the Laboratory give a HEAT Wave.

“What a testimony it is when employees overwhelmingly give their unconditional support to the mission of the organization. When over 2,000 employees pledge their personal monetary support, it yields proof that the organization’s roots run deep & that organic growth is taking place.”

Danny Gibson, Chair
MCHF Board of Trustees

“Last week we concluded our employee meetings for the H.E.A.T. campaign. It was another incredible display of the team work and generosity of our family of employees. Your giving spirit is matched only by your wonderful ability to be creative, to dance, to laugh, and to have a good time. I attended a number of presentations and I truly enjoyed seeing you be able to relax and have fun as a family away from your busy schedules of serving our patients and families. You are truly a remarkable group of people.”

Excerpt of the letter Don Faulk, CEO, sent all employees after the campaign.

Grateful Patient Recognizes Employees

BY: DEBBIE SCHUCHMANN

This is a donor recognition story with a bit of a twist! Instead of highlighting only the outstanding qualities of our donor, this article focuses on the outstanding qualities of the healthcare staff who saved his life. Jeff Thompson, an attorney with Constangy, Brooks, LLC, is a special individual. But when he shares his story, he makes it clear he wants the focus to be about the excellent care he received as a patient in the Intensive Care Unit of the Medical Center almost 4 years ago.

Don't think this is a story about any one individual who single-handedly rode into the ICU on a white horse and saved his life. This is a story about countless individuals from countless work shifts and countless departments who worked together twenty-four hours a day, seven days a week to save his life. This is a story about the employees of the Medical Center and how they positively impacted the life of one of the over 31,000 inpatients served each year.

According to Jeff, he received absolutely the best care possible - anywhere. However, it was more -- much more -- than just the medical care; it was the emotional component as well which stands out in his mind. As a young father and husband at the time of his hospitalization in the ICU, Jeff recalls feeling absolutely helpless to take care of them. His son was only seven years old, and although his wife, Madeline, is an attorney herself and well able to take care of herself, Jeff's feeling of helplessness was overwhelming.

Being, for the first time ever, completely unable to help his family, magnified the stress he was experiencing. His worries and worst fears subsided, however, when the nurses, technicians, physicians, as well as everyone

involved in his care ministered to his wife. He said they took time to talk with her and to hold her when the going got really tough. These acts of kindness to his immediate family as well as to his friends meant more to him than he can say. He believes such care, which acknowledges and addresses the trauma the family is facing, greatly improves one's ability to heal. He knows it helped keep his spirits high and allowed him to focus what energy he did have on his fight for his life.

He remembers a nurse who cared for him through 12 hour shifts for three consecutive days. She would go home and call back in the middle of the night to check to see if he was still okay. He vividly recalls the sound of footsteps coming into his room, footsteps so bouncy and light he just knew everything was going to be okay. He can even remember a woman who came in one night to clean his room. Although he was semi-conscious, she greeted him courteously and she held his hand and prayed for him before she left.

There were several times Jeff knew he was on the very cusp of life and death. On one particular night when he was in grave danger, he remembers losing consciousness and feeling as if the world was closing in on him. At that particular moment, a nurse who had been taking care of him throughout his illness, leaned over and whispered in his ear, "Honey, you're not going anywhere on my shift!" As Jeff says, this exceeds quality care; every staff member at MCCG should leave at the end of the day knowing they've helped in some way to save a life!

Jeff was a presenter at one of Medcen's Business & Corporate Roundtables. Because of his genuine gratitude to the Hospital's staff and his commitment to the Medical Center, Jeff accepted an invitation to join the Medcen Board. He is now paying it forward by helping to raise much needed funds to continue renovations to the ICU and to support other hospital projects. Realizing it

is difficult to ask for financial gifts if you're not giving yourself, Jeff and Madeline are proud members of the Callaway Society. We are very grateful to all our past patients who make gifts to help insure excellent care for those who come after them.

When asked what he'd like to say to others about giving he answered, "if you live in this community for any period of time, someone you know will enter the Medical Center, even the ICU. Now, ask yourself, do you want the best level of care, the best equipment, and the best environment? If your answer is 'yes,' you need to give."

Jeff Thompson's story is one among thousands each year. The many extraordinary employees at the Medical Center, who routinely care for our patients, are the heroes. Every dollar raised by Medcen goes far beyond any bricks and mortar or piece of equipment. Important as they are, the bottom line is always our employees' abilities to save and improve patients' lives.

If you would like to help with the campaign to renovate the ICU, or any other hospital areas, please contact Debbie Schuchmann at 478/633-6151 or Schuchmann.Debbie@mccg.org.

Miracle Child

BY: MISSI UPSHAW

Nakeia Brooks

Nakeia Brooks, far left and family at the Children's Tree Lighting in December

The word cancer seemed surreal especially to 12 year old Nakeia Brooks of Macon, Georgia. The word just simply did not exist in her vocabulary until she was diagnosed on March 18th, 2010 with Acute Bithenotypic Leukemia. Just before her diagnosis, Nakeia's mother Marqueta Lucas, noticed she had sinus problems and was also being more passive in nature especially when it came to playing with her brother and sister. Marqueta took Nakeia to her pediatrician where he ordered a blood test. The test determined much to their dismay, she had leukemia. Nakeia was sent directly to The Children's Hospital. Within the first day of being admitted to the Hospital, Nakeia underwent a spinal tap, bone marrow biopsy, and began chemotherapy for not only one type, but for two different types of leukemia. Nakeia was diagnosed with both Acute lymphoblastic leukemia and acute myelogenous leukemia. "For a child to be diagnosed

with two types of leukemia is very rare. She is getting double chemotherapy treatments unlike someone who has one type of cancer," says Marqueta. Nakeia spent two and a half months in The Children's Hospital. "At the beginning of this, I did not know whether my child was going to live or die, but the doctors and the staff of Hospital helped us see there was hope," said Marqueta. Almost a year after being diagnosed, Nakeia is now on a maintenance program where instead of receiving treatments three times a week, she is now receiving treatments once a month. "The Children's Hospital is wonderful. There is not one person who does not know you by name and that is important not just to me, but to Nakeia. They do so much for her and when she comes to the Hospital, she is not afraid. She says that cancer is not going to win because she is a cancer survivor. She is a MIRACLE," exclaimed her mother.

Business & Corporate Roundtable

Not Just Another Meeting!

BY: DEBBIE SCHUCHMANN

happening

Three times a year, the Business and Corporate Committee of the Medcen Foundation hosts a CEO Roundtable for area business and professional leaders. It's an opportunity to hear, first-hand, from Don Faulk, President and CEO, Central Georgia Health System what is going on at the Medical Center, what challenges we face, and what is being done to overcome those challenges. Often times we invite a guest speaker as well.

Over the past several years we have received positive feedback from the attendees as to how much they learn about the economic impact MCGG has on our community, as well as, about how much MCGG has to offer regarding healthcare. Many attendees are amazed to find out what a cutting-edge organization we have right here under our very noses! Our most recent Roundtable was held in October with guest speaker, Dr. Delanor D. Doyle, Medical Director, Emergency Center, MCGG.

Dr. Doyle discussed the vital need for renovation and expansion of our current ICU into a new Critical Care Center. He pointed out how the opening of the helipad last March far exceeded anyone's expectations having already had over 200 air transports with the majority of those patients entering the ICU. He shared staggering statistics on the numbers of patients who enter MCGG via the Emergency Center and how they tax precious healthcare resources.

This past year in addition to hearing from Don Faulk and guest speakers, we've included an optional tour as part of the presentation. Sensitive to the time constraints business leaders are under, the presentations are kept at a minimum of 10 – 15 minutes and then the participants tour specific areas. Instead of just talking about the current status of the ICU and the progress being made on the first phase of the renovation we invited participants to come see ~ you know what they say about, "seeing is believing!"

Although a work in progress, participants were able to see the amazing transformation taking place on the fourth floor. Wide open halls and a welcoming reception area with warm wood flooring. Fourteen large patient rooms with a nurses monitoring station outside each room and the ability to see the patient as they monitor the status. A small adjoining room for one family member to be able to spend the night and stay with their loved one twenty-four hours, seven days a week. Windows in each patient room to allow the healing power of natural light to filter in.

Sparking a lot of interest through Don Faulk's remarks, the guest speaker's presentation and tours, participants left the hospital enlightened and glad they made the time to learn more about the only not-for-profit hospital in our community and the healthcare provided. If you would like to learn more about our upcoming CEO Roundtables, please contact Debbie Schuchmann at 478/633-6151 or Schuchmann.Debbie@mccg.org.

MCCG Auxiliary Plays an Important Role with Medcen and Hospital Family

BY: DEBBIE SCHUCHMANN

Over 70 Medical Center Auxiliary volunteers dedicate thousands of hours and enormous energy and resources to support our patients and their families. Often referred to as the Hospital's pink ladies because of their salmon jacket uniforms, this name implies there are no men, but men (wearing blue jackets) volunteer as well. Auxilians' responsibilities range from receptionists at the main admissions desk to delivering fresh magazines to the waiting rooms, with much fund-raising in between. The current president of the Auxiliary, Matilda Walker, even serves *ex-officio* on the Medcen Board of Trustees.

Something else you may not know about these special volunteers is, as an organization, they are Signature Gifts donors. Their most recent signature gift was \$250,000 which was used to help build the Luce Heart Institute. To recognize this wonderful investment in the healthcare of our community, the Visitors Lounge on the second floor of the Luce Heart Institute was named in their honor. Not too long ago, Medcen planned to host a luncheon to honor them in the very room named in gratitude of their generosity. As the saying goes, best laid plans can go awry. The Visitors Lounge was so busy on the day scheduled, the luncheon was moved to another venue. Having to relocate demonstrated how much their gift was needed and utilized.

Medcen is committed to being a good steward of the precious resources given to the Hospital. Now more than ever, individuals and organizations are especially mindful of where they choose to donate their hard-earned dollars. So without spending a lot of money on a gala affair, a simple luncheon was shared with the Auxilians, along with a tour of not only the named room, but of the entire Luce Heart Center. As the Auxilians ate their sandwiches in a modest meeting room, they knew first hand how much their gift was

needed and how it was being utilized. They know their gift is making a difference!

Giving this special group of donors an opportunity to see first-hand all the equipment and behind the scenes areas where heart healthcare is delivered was especially meaningful. Many of them have been patients themselves in the Luce Institute, as well as several of their friends and family. Watching them beside the signage which designates the room they made possible was heartwarming. Sharing the knowledge about untold numbers of families who have used and will use the Visitors Lounge to regroup, rest, or even just wait for news of a loved one undergoing a procedure is a joy and an honor.

The gift to the Luce Heart Institute is but one of a long history of gifts to Medcen for the Hospital. The Auxiliary's giving history extends back even further than the creation of Medcen itself in 1973, and it includes many Signature Gifts. Through fundraisers such as uniform sales, jewelry sales, and holiday book sales, the men and women of the Auxiliary have made a huge impact on the quality of healthcare provided to our community. The Children's Hospital and many other departments have benefitted from their tireless efforts.

The next time you're visiting a loved one or find yourself in the Hospital for any reason, take a moment to acknowledge the Auxiliary volunteers at the reception desk, replacing worn out magazines, and assisting visitors to find their way. Auxilians work diligently. Their efforts are profound and are very much appreciated by all our patients and families.

The Olin H. Weaver Society

Recognizing Physicians for Outstanding Leadership and Philanthropic Endeavors

BY: ELLEN TERRELL

The year was 1895 and Dr. Olin H. Weaver was invited to Macon to serve as the first physician and administrator of the new Macon Hospital. He was immediately well respected at the Hospital and in the community. His fifty years of dedication to the medical profession began a lasting tradition of the high-quality healthcare we still enjoy today.

In recognition of Dr. Weaver's legacy, the Olin H. Weaver Society was established in 2003 by medical staff members to provide philanthropic support for the Medical Center of Central Georgia. The Society is built on the tradition of outstanding Physician Leadership in medicine and research and continues the longstanding tradition of philanthropic commitment to the Hospital. Physicians and the Hospital partner to sustain their shared value of healthcare excellence.

Dr. Fred Gatton, Chair of the Olin H. Weaver Society, and his wife, Lisa, hosted a Spanish Wine and Tapas Party at their home last fall for all members and their spouses. It was a beautiful night under the stars and everyone had a great time. During the evening Dr. Gatton thanked everyone for their philanthropic support of the Hospital through the Medcen Community Health Foundation, which has awarded over \$763,000 to help fund Research and Education Grants since the Olin H. Weaver Society began in 2003.

On behalf of our patients, we would like to thank our physicians for sharing their energies, expertise, and personal resources to insure our Hospital continues offering the highest quality of care to our community. A listing of the Olin H. Weaver Society members can be found on page 24. If you would like more information on the Olin H. Weaver Society, contact Ellen Terrell at 478-633-7396 or terrell.ellen@mccg.org.

Stars Over Macon Ball

Benefiting Hospice of Central Georgia

The 3rd annual Stars over Macon Ball was a beautiful evening of dancing, entertainment, and fun. Proceeds from the event support the patients and families cared for by Pine Pointe and Hospice of Central Georgia. On their behalf, we thank our many sponsors (listed on page 37) and volunteers. We could not do it without you! Mark your calendar for this year's ball which will be held on October 22, 2011.

Children's Hospital Callaway Party

Dr. and Mrs. Gaton open their home for a great cause

BY: MISSI UPSHAW

The Callaway Society is an exclusive giving society for individuals who generously donate gifts of \$10,000 and greater to The Medical Center of Central Georgia. Donors can designate their gifts toward a specific cause at The Medical Center. In October, Dr. and Mrs. Fred Gaton graciously hosted a Callaway party to educate invited guests on how they could specifically support The Children's Hospital. Over 40 guests were treated to a Spanish themed cocktail party at the Gaton's home where they heard from Joe Lavelle, COO of The Medical Center, Nikki Paulk, AVP of Women's and Children's Services, Dr. Mitch Rodriguez, Medical Director of the Neonatal Intensive Care Unit, and The Children's Hospital Board Chairman, Craig Leachman.

Kohl's Helping to Prevent Childhood Injuries

When it comes to preventing childhood injuries, the Kohl's Kids Safety Zone program of The Children's Hospital is there to lend a helping hand. Accidental injuries among children are the leading cause of death and disability of children from infancy to 14 years of age. Since the inception of the safety program over 3 years ago, Kohl's has donated in excess of \$155,000 toward assuring Central Georgia children have access to safety equipment such as car seats and bike helmets as well as educational materials. Through their sales from their Kohl's Cares merchandise, the Kohl's Kids Safety Zone program has three main safety focuses: car, home, and bike safety. The program identifies children in need and provides them with the necessary safety materials.

Car seat safety check

In 2010, the safety program was able to reach out to hundreds of people in our community and spread the mission of the program through several events such as Code Med, a health fair sponsored by The Medical Center of Central Georgia, car seat safety checks, and quarterly car seat safety classes for expecting parents. During the recent Children's Tree Lighting in December, Kohl's presented a check for over \$49,000 to The Children's Hospital for the safety program. "Kohl's Kids Safety Zone program has grown over the years and we are helping to serve more children each year. Our goal is to prevent unintentional childhood injuries and it takes a community to make this happen. It has been an honor to be a partner with The Children's Hospital to spread this mission," says Pam Scott of Kohl's. In the upcoming year, look for additional opportunities to learn about what this program does for kids in our community. If you would like more information about the program, please call Missi Upshaw at 478-633-7389.

Pediatric Radiology Opens

BY: MISSI UPSHAW

Grand Opening of Pediatric Radiology

The Children's Hospital takes pride in caring for children in a child-friendly, non-intimidating environment. Children respond better in an atmosphere where they feel comfortable and in November 2010, The Children's Hospital welcomed the newest addition to its services, Pediatric Radiology. Although, this has been an existing service of The Children's Hospital, children can now receive inpatient and outpatient X-Rays and radiology treatments in The Children's Hospital building itself. Located on the lower level of the Hospital, the expansion and renovation project was funded by monies raised in 2010. Last year over 10,000 children received pediatric radiology services and, thanks to the generosity of The Children's Hospital's donors, this expansion will enable more children to receive treatments close to home in a child-friendly environment.

happening

18th Annual Reindeer Run & Santa Stroll

On the cold, brisk morning of Saturday, December 4th, 2010 over 1,000 Central Georgians embraced the dropping temperatures and donned their running shoes for the 18th Annual Reindeer Run and Santa Stroll sponsored by Central Georgia Diagnostics to benefit The Children's Hospital. This year, BLC Harwood Flooring was the presenting sponsor for the Reindeer Run.

The record number of participants, over 1,000, started the race at The Children's Hospital and ran through the historic campus of Mercer University. The overall male winner was Kenneth Reeder from Macon, with a finishing time of 16:56 and the overall female winner was Victoria Coppage from Macon, with an overall time of 18:26. A record number of participants also participated in the Santa Stroll, a one mile fun walk.

This year was the first year for the Claus Corporate Challenge, an opportunity to involve more companies and their employees. Each company that participated either had their own team shirt or team race bib designating them as participants in the Claus Corporate Challenge. This year's participating companies were:

BLC Harwood Flooring
Chris R. Sheridan Construction
Robins Federal Credit Union
Waites and Foshee Insurance Group

The annual event raised over \$35,000 for The Children's Hospital. Funds raised from this year's race will benefit the expansion and renovation project of the pediatric radiology area. Enhancements in pediatric radiology will ensure our patients and their families a comfortable, family-centered environment. Medcen Foundation and Central Georgia Diagnostics would like to thank ALL of our sponsors for their support of the Reindeer Run and The Children's Hospital. Mark your calendars for the 2011 race, which will be Saturday, December 3rd!

Giving Life Insurance May Benefit Hospital and Your Family

Why a charitable gift of life insurance can be a win-win for all involved

The idea of leaving a sizable gift to a favorite charity such as The Cancer Life Center, The Children's Hospital or Hospice of Central Georgia, is a noble one – yet one that may create a dilemma. Perhaps you want to favorably impact the future of The Medical Center of Central Georgia without diminishing the inheritance you plan to leave to family members. An attractive and tax-efficient answer may be to make a gift to the Hospital with your life insurance death benefit; a gift that will benefit you, your family and The Medical Center of Central Georgia.

Benefits to you:

- With your life insurance benefit, you can feel good about leaving a sizeable gift – typically larger than what you might have donated through periodic gifts.
- Your endowment does not deplete your current capital, allowing your assets to continue to grow while you're still alive.
- An alternative is to use life insurance to replace the value of an estate gift to the Medcen Foundation by providing a benefit to your heirs equal to the charitable gift.
- When properly structured, a life insurance gift can result in tax savings.

Benefits to the charity:

- Life insurance can provide substantial deferred endowment funds to help the Hospital's future.
- Funds are distributed to Medcen promptly upon the death of a donor.
- Life insurance can help with the Hospital's fiscal planning since it can anticipate the future death benefit.

Charitable giving using life insurance can be an important and advantageous part of your estate plan. Not only can you feel good about leaving a financial legacy to the Medical Center, a cause you believe in, you will set a philanthropic example for your heirs without minimizing the inheritance you've designated for them. Speak with a qualified financial professional to determine the insurance strategy that will allow you to help create a win-win situation for you, your family, and the Medical Center of Central Georgia.

For more information, please contact Debbie Schuchmann at 478/633-6151 or Schuchmann. Debbie@mccg.org.

Marie Butler Neel

BY: ELLEN TERRELL

Marie and Joe Neel

Pine Pointe

HOSPICE OF CENTRAL GEORGIA

Recently, I had the distinct honor of spending some time with Joe and his daughter, Marie Tillman Neel. When I arrived at Joe's home, one of the first things I noticed was a 1st place medal and photo collage of pictures taken at Celebration Swim, a fundraiser held in 2009 to help build Pine Pointe. Joe participated in the swim event and won first place in his age division. His comment was, "I was the only person there older than the lake!" While Marie was battling cancer at the time of this event, no one could have imagined she would later become the first patient admitted to Pine Pointe.

When I asked Joe how he and Marie met, he responded, "We met on a blind date and were married six months later." I was really touched when he shared with me after fifty-one years of marriage, Pine Pointe was a comfortable place for him to say good-bye to her. "We knew she was pain free and the support of the wonderful men and women of Pine Pointe, just put all of us at ease. It made a very difficult time a little more bearable for us all", he said.

Daughter Marie shared with me that she toured Pine Pointe prior to her mom's admission. "Being a long-time Maconite, it was nice to walk up and down the hallways reading the donor recognition plaques bearing the names of so many people in this community, whom I know. I knew this was the right place for mom. She was admitted to the room made possible by SunTrust, which was especially meaningful because my brother, Josh, works for SunTrust in Atlanta." Marie also shared her mom did not want to die at home and, therefore, being at Pine Pointe was such a wonderful option. "The nurses were all so dear," Marie continued. "I really feel like mom was comforted by the fact she had been admitted to Pine Pointe and knew she would be lovingly cared for until the end."

To the Neel family we extend our deepest sympathies and gratitude for allowing us to share a little portion of their story. We consider it a privilege to have cared for Marie.

To watch a loved one pass away is one of the most difficult things to do. The Neel family experienced this recently when Marie Butler Neel lost her courageous eight year battle with cancer on September 24, 2010. Mrs. Neel passed away peacefully at Pine Pointe Hospice and, although she was there only four days, her family is very grateful for the compassionate care and comfort the staff of Pine Pointe provided.

Chances are if you've lived in Macon for any length of time, you know Marie, her husband, Joe, or at least one of their three children. Marie graduated from Wesleyan College and served on the boards of the Junior League of Macon, the Town and Country Garden club, the Federated Garden Club and the Boys Club of Macon. Her husband, Joe, has also been involved in many civic activities in Macon. He is an avid swimmer, to which he attributes his fitting into the uniform he first wore some 57 years ago when he served our country as a pilot in the Air Force. If you are a long-time Maconite, you probably know Joe as the owner of the Joseph N. Neel Men's Clothing Company, which his grandfather opened in 1886.

Enjoy a fabulous evening of music, entertainment and fun while supporting a very worthwhile cause. **For more information, contact Ellen Terrell, 478-633-7396 or terrell.ellen@mccg.org**

HCG Retreat

The Hospice of Central Georgia Advisory Board enjoyed a retreat recently at the home of Terri and Tommy Campbell. Pictured here is Dr. Richard Ackermann leading a discussion on palliative care. ● ↓

Children's Hospital Board Retreat ● →

In November, The Children's Hospital Advisory Board held their annual retreat at The Brickyard to strategize for the upcoming year. During the retreat, members of the board recognized Barb Stickel, who recently retired as the Chief Nursing Officer of MCGG, for her efforts and past support for The Children's Hospital. Pictured are Ethel Cullinan, CEO Medcen Foundation, Barb Stickel, and Nikki Paulk, AVP Women's and Children's Services.

Korean Association

The Korean Association of Macon and Middle Georgia presented a check to The Children's Hospital as well as toys during the holiday season for patients at Hospital. Pictured are members of the Korean Association and Walter Timley, Children's Hospital Board member.

Lane Southern Orchards Fall Festival ● ↑

This past October 30th, Lane Southern Orchards, Fort Valley, hosted their Annual Farm Fall Festival donating a portion of their proceeds to The Children's Hospital. Lane Southern Orchards had harvest hayrides, face painting, pumpkin carving, inflatables, a costume contest and their famous corn maze for participants to enjoy. The weather was beautiful and the turn-out was record setting for Lane Southern Orchards Annual Fall Festival. Kids and adults alike found something that entertained them throughout the day. Music and laughter filled the air throughout the day. This was a family event and the focus was on having a great time. The culminating event for the Fall Festival was a costume contest with 13 WMAZ's own Suzanne Lawler judging the participants. The contest had over 100 kids and adults and was the highlight of the afternoon. The event was a huge success, allowing Lane Southern Orchards to present \$5,000 to The Children's Hospital. Mark your calendar for this year's Fall Festival, October 22nd!

New Year, New Name, and a New Look ●↑

Children's Miracle Network Hospitals®, formerly Children's Miracle Network, announced a new name and brand for its efforts in the United States. As a charitable entity that donates funds to local children's hospitals such as The Children's Hospital at The Medical Center of Central Georgia, refreshing its brand and adding the word "hospitals" to the name solidifies its purpose with partners and the public. The Children's Hospital at The Medical Center of Central Georgia is one of 170 hospitals that benefit from funds raised by Children's Miracle Network Hospitals.

The Children's Hospital has been a part of Children's Miracle Network Hospitals since 1991 and has received over \$7.5 million from the partnership. The one thing that hasn't changed is that every penny raised here in Central Georgia STILL remains right here in Central Georgia!

The funds raised by Children's Miracle Network Hospitals have helped local children by providing child-friendly pediatric medical equipment such as pediatric ambulances and x-ray equipment. Additional funds have assisted The Children's Hospital in the establishment and expansion of numerous areas of the facility, including but not limited to: the Children's Health Center, Crescent House, Neonatal Intensive Care Unit, Pediatric Critical Care and most recently the establishment of a Pediatric Intermediate Care Unit for children in Central and South Georgia.

Donna Wood

Charlie Lanphier, Chair of the Hospice of Central Georgia Advisory Board, presents Donna Wood with an appreciation plaque for her six years service on the board.

Pianist, Jim Brickman

Z93.7 Brian Roberts and Nakeia Brooks

Z93.7 Radiothon ●↑

November 9th and 10th 2010, Lite Rock Z93.7, hosted the 13th annual Radiothon for Kids live from The Children's Hospital lobby. With the help of donors, patients, families, staff, and dozens of volunteers, Z93.7's Radiothon raised over \$24,000 for The Children's Hospital. In addition to the Radiothon, Lite Rock Z93.7 also worked with Jim Brickman to donate a portion of his recent concert ticket sales to The Children's Hospital. Thanks Z93.7 listeners and Jim Brickman for making this year's event a great success!

Signature Gifts

These philanthropists have made gifts or pledges of \$5 million & Up (Visionaries), \$1 million-\$4.9 million (President's Club), \$500,000-\$999,999 (Diamond Circle), or \$100,000-\$499,999 (Platinum Patrons) to the Medcen Community Health Foundation. Signature Gifts are the cornerstone that enables our medical staff to achieve world-class healthcare. Please note some gifts may be cumulative.

Giving Opportunities

SIGNATURE GIFTS

The cornerstone of a capital campaign project or at any level of a development program these gifts start at \$50,000 and come with an opportunity to honor the family or corporate name.

THE CALLAWAY SOCIETY

Callaway Society Members support Medcen Capital Campaigns with gifts from \$10,000 to \$50,000.

BUSINESS & CORPORATE HONOR ROLL

Businesses that support Hospital needs through financial commitment from \$10,000 to \$50,000 are recognized on the Business & Corporate Honor Roll.

THE HERITAGE CIRCLE

The Heritage Circle recognizes those who donate to Medcen through estate gifts.

THE OLIN H. WEAVER SOCIETY

Named for The Medical Center of Central Georgia's first doctor, this giving club was established for physician giving.

H.E.A.T. (HEALTHCARE EMPLOYEES ACHIEVING TOMORROW)

Employees of the Medical Center of Central Georgia and Central Georgia Health System can support the hospital through payroll deducted gifts.

SYLVIA BOND NURSING SOCIETY

The mission of the society is to prepare professional nurses to collaborate, lead, and promote excellence in healthcare.

TRIBUTE GIFTS

Honor, remember, or celebrate a friend or loved one with a tribute to them.
