

## Child Life Internship

Thank you for your interest in The Children's Hospital at the Medical Center of Central Georgia internship program. We offer internships for Spring and Summer semesters and only accept students who are affiliated with a college or university. We accept up to 2 students each semester.

Our internship program here at the Medical Center of Central Georgia is 16 weeks long, providing the student with 640 clinical hours, 40 per week. Each student will complete two 7 week rotations in two of the following areas of the hospital where Child Life Services are found: General Pediatrics Floor, CHOPS (outpatient services), PICU/PIMCU, Pediatric Surgery and the Crescent House, our child advocacy center. In the remaining two weeks you will be able to choose one area that was not a rotation, but one that you would like experience in. Students will have weekly work to turn in and a final project due at the end of the semester.

The application deadlines are listed below. We will call you to schedule an interview the month before the acceptance deadline. Thanks for your interest and please don't hesitate to call me if you have any questions.

Term	Application Deadline	Offer Deadline	Acceptance Deadline
Spring	September 5 <sup>th</sup>	2 <sup>nd</sup> Tuesday Of October	Following Wednesday
Summer	January 5 <sup>th</sup>	2 <sup>nd</sup> Tuesday of February	Following Wednesday
