

July 7, 2005

Ms. Kathleen E. Culhane, COO
Angiology Corporation of America
Woodmont Centre
104 Woodmont Blvd., Suite 404
Nashville, TN 37205

Dear Kathleen:

I just want to let you know what excellent feedback we received from our employees as a result of having you and your staff at our Spring Wellness Fair. When we first made the decision to have you there and offer your screening process to our employees, we weren't sure what sort of response we would get and whether we could fill all of the slots allotted. But, as soon as the word got out, all the appointment slots were filled the first day and we had many more expressing interest. As a result, you agreed to schedule another day to come to our plant and we quickly filled those slots and arranged for a third day. We ended up with a total of 102 employees and spouses who participated in the screenings.

You and your staff were very professional and the screenings went smoothly. I know that we had some employees who were alerted to follow up with their physicians and some who even had to have procedures done to correct the problem. So, we are certainly convinced that the screenings were worthwhile and our employees know that the Company cares about their well being. We will look forward to having you here again next year.

Sincerely,

Tennsco Corp.
