Dear Ms. Culhane:

Thank you for bringing your mobile unit to our firm for the vascular disease screenings as a part of our wellness initiative for 2005. We were especially happy to have the written results with the color charts within minutes of the screenings, along with the educational packet you provided each person, and appreciated the individual personal consultations to explain the results. The high percentage of employee participation speaks to the success of the program.

We look forward to having the demographic wellness report that will enable us to have an overall look at the health of our employee base.

Sincerely,

Aubrey B. Harwell, Jr.
