L. Provider Tax Assessment Reconciliation / Adjustment

An adjustment is necessary to properly reflect the Medicaid and uninsured share of the provider tax assessment for some hospitals. The Medicaid and uninsured share of the provider tax assessment collected is an allowable cost in determining hospital-specific DSH limits and, therefore, can be included in the DSH examination survey. However, depending on how your hospital reports it on the Medicare cost report, an adjustment may be necessary to ensure the cost is properly reflected in determining your hospital-specific DSH limit. For instance, if your hospital removed part or all of the provider tax assessment on the Medicare cost report, the full amount of the provider tax assessment would not have been apportioned to the various payers through the step down allocation process, resulting in the Medicaid and uninsured share being understated in determining the hospital-specific DSH limit. If your hospital needs to make an adjustment for the Medicaid and uninsured share of the provider tax assessment, please fill out the reconciliation below, and submit the supporting general ledger entries and other supporting documentation to Myers and Stauffer, LC along with your hospital's DSH examination surveys.

****For state plan rate years (SPRY) beginning on or after October 1, 2021, Medicaid UCC includes only Medicaid primary cost and payments, unless a provider qualifies for 97th percentile exception and it benefits them. The exception is based on SPRY. For cost report periods overlapping SPRYs beginning on or after effective date, the Medicaid primary tax assessment adjustment to DSH UCC (line 33, above) will be utilized unless the provider qualifies for the 97th percentile exception and the SPRY UCC is greater utilizing total Medicaid eligible population. In which case, the provider tax assessment adjustment to DSH UCC including all Medicaid eligibles (line 25, above) will be utilized.*
