Who can use Community Virtual Primary Care?

Community Virtual Primary Care is open to everyone. Same-day care is available.

How does it work?

Community Virtual Primary Care combines an in-person experience with video visit technology. That means you can expect our care team to assist you in-person when you visit, and we'll use state-of-the-art assessment tools during your video visit with one of our remote providers. This innovative care model enables the provider to assess your ears, nose, throat, heart, lungs and skin using advanced technology. An Atrium Health Navicent clinical staff member is onsite assisting you and the remotely located provider throughout the visit. Laboratory testing is completed if needed and a diagnosis and treatment plan are created. The provider will send your prescriptions to your local pharmacy.

How much does it cost?

Depending on your insurance plan, you may be responsible for copays and deductibles related to these services. If you do not have insurance, financial help may be available. There are no upfront charges.

What is the benefit of Community Virtual Primary Care?

This virtual option gives everyone access to convenient, high-quality care within your daily routine.

To get started, call 478-633-9081. A time will be scheduled for the Atrium Health Navicent medical assistant to meet you at the clinic location. Walk-ins are welcome.

The Clinic is located at:

Vaughn Chapel Baptist Church
1980 North Jefferson Street
Milledgeville, Georgia 31061

*Clinic is open every 4th Monday of the month:
8 am to 4:30 pm. Closed for lunch from 12:00 pm to 12:30 pm*

For care options outside of the clinic hours, go to: [NavicentHealth.org/Service-Centers](https://www.NavicentHealth.org/Service-Centers) or download the [MyAtriumHealth](#) app.
